

SEEING JESUS FOR WHO HE REALLY IS Mark 11:27-33

#1- Why didn't Jesus just go ahead and _____?

#2- The key word in their question is "_____." They were
demanding Jesus _____

#3- So Jesus' little trick wasn't to get out of having to answer the
question- it was to show _____

#4- Try to see Jesus for what He really is. He's our _____, our
_____, our _____. He is our _____

vs. 27-33- Do you understand the dynamic at play here, and how the
Pharisee's trap worked, and what Jesus' answer really meant. Brainstorm
these ideas. What was really going on here?

The sermon argued this all came down to authority and territorialism.
What kind of conflicts result from those issues? Have you ever been hurt by
them?

How good are churches at handling these issues? Why? How should they be
handled? Why aren't they often handled well?

This really came down to the fact that the religious leaders didn't fully
comprehend who they were dealing with in Jesus. So, describe what Jesus
is? What is His authority like?

Do you think most people today have a good grasp of Jesus authority? Why
or why not? If they don't, why don't they?

Do churches spend enough time describing Jesus, or do we spend our time
really describing ourselves? Give reasons for your opinion.
